Trying to submit but i just go back to the book event not saving to database.

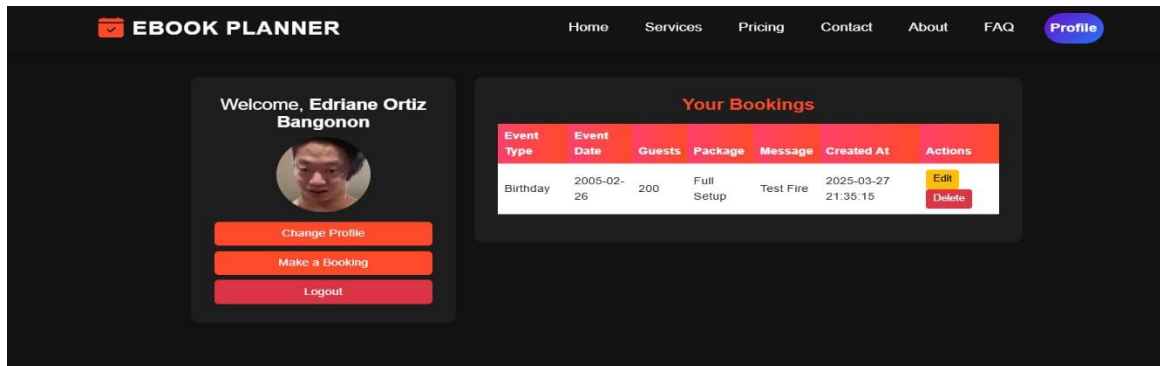

localhost/E-book/pages/booking.php?event_type=Conference&event_date=2005-02-26&guests=23&package=Basic&message=Test

I noticed that the url is there showing a information, so we conclude that there is something wrong with our html form or database query in php.

Testing

```
124 <form action="" methd="post">
125 <div class="mb-3">
126 <label class="form-label fw-bold">Event Type</label>
```

Upon checking there is a typo in form html,in booking.php line 124

Fatal error: Uncaught mysqli_sql_exception: Table 'ebook_planner.booking' doesn't exist in C:\xampp\htdocs\E-BOOK\pages\delete_booking.php:7 Stack trace: #0 C:\xampp\htdocs\E-BOOK\pages\delete_booking.php(7): mysqli->prepare(DELETE FROM boo...) #1 {main} thrown in C:\xampp\htdocs\E-BOOK\pages\delete_booking.php on line 7

Error in delete_booking.php in trying to delete function.

```
pages > delete_booking.php > ...
1  <?php
2  session_start();
3  include '../includes/config.php';
4
5  if (isset($_GET['id'])) {
6      $id = $_GET['id'];
7      $stmt = $conn->prepare("DELETE FROM booking WHERE id = ?");
8      $stmt->bind_param("i", $id);
9      $stmt->execute();
10 }
11
12 header("Location: dashboard.php");
13 exit();
14 ?>
```

Table: bookings	
Columns:	
id	int AI PK
user_id	int
event_type	varchar(255)
event_date	date
guests	int
package	varchar(255)
message	text
created_at	timestamp

Upon checking the database and the delete booking query we noticed that it not the same so we add in our php db query.
